## DEFEAT LOMBARD

Augustana College Victorious in Last Scheduled Basket Ball Game.

### IS A ONE-SIDED CONTEST

Spirit and Determination of Visitors Keeps Up Enthusiasm to Finish—Score 58 to 23.

Lombard college's basketball team was easily defeated by the Augustana college boys last evening in the college gymnasium, the final score being 58 to 23. The Lutherans had things their own way from start to finish. Capt. Pearson played his best game of the season and Linderblom was the star of the visiting team, making 19 of the 24 points from free throws.

**Too One-Sided.**  
The game was too one-sided to make it very interesting for the spectators, but the spirit and the determination of the Lombardians kept up the enthusiasm to a considerable degree. Only one basket was made by the visitors in the first half and this was repeated in the second.

As a curtain raiser the second class of the Augustana academy played a winning game with the junior class of the Molne high school, with a score of 42 to 25. The lineup for the big game was as follows:

Augustana—W. Pearson and R. Olson, forwards; E. Pearson, center; O. Purn and O. Engquist, guards.  
Lombard—Linderblom, Justus and Atterbury, forwards; Robsin, center; Hughes and Oberholzer, guards.

### OFFERS PRIZE FOR AN APPROPRIATE EMBLEM

Jamestown Exposition Company Invites Competition of Artists or Amateurs.

The Jamestown Exposition company is anxious to adopt some official emblem which will suggest to any imaginative person the subject of their exposition. Jamestown was the first English speaking settlement in America. It might be called the parent of the colonies. From the first village others grew until there was a real colony of Virginia instead of a nominal one. The Atlantic coast east of the Alleghenies was dotted with villages and filled with colonies which grew to such proportions that, combined, they were able to overthrow the domination of England in 1776. Some pictorial idea embodying the suggestion of a focal point, a nest, or a place of beginning, may make a very appropriate and suitable emblem. There are a number of incidents which occurred in the early history of Virginia which might be worthy of illustration in connection with the above thought. Nothing is left of Jamestown but the old tower which formerly surmounted the entrance to the first Episcopal church built in America. At one time Jamestown was a finely stockaded village capable of sustaining the shock of savage attack. These stockades are but memories, but they once were important facts. At Jamestown was held the first legislative assembly ever selected by popular suffrage in any colony. This was the forerunner to our state legislatures and national congress. This thought might be incorporated. From Virginia adventurous pioneers crossed the Appalachian mountains, first settling the valleys between the Blue Ridge and Alleghenies, and proceeding westward, settled the Mississippi states. The men who first made this pilgrimage were the Knights of the Golden Horse Shoe, the only purely American order of knighthood. The revolutionary war was concluded in Virginia by the battle of Yorktown. The Civil war period is largely a record of Virginia events. Of course more modern history would not be as appropriate in this device as some thought connected with the seventeenth century. The Jamestown Ex-

position company is offering \$100,000 to the artist or imaginative amateur who can out of his inner consciousness create a thought which will subserve their purpose and will typify the beginning of the nation.

### COACH F. H. YOST MARRIED

Michigan Football Leader Weds Miss Eunice Fite of Nashville.  
Nashville, Tenn., March 13.—The marriage of Miss Eunice Fite to Fielding H. Yost, coach of the University of Michigan football team, took place last night at 6 o'clock at the home of the bride's parents. The bride's mother was her sister, Mrs. Dan McGugin, who became the bride of the Vanderbilt university coach and former pupil of Mr. Yost, in November. Among the wedding gifts were a silver service from the Michigan football team and a silver pitcher from the groom's fraternity, the Sigma Chi, at Michigan university.

"When We Were Twenty-One."—This play will be at the Illinois theatre this evening, is so far above the musical farces monstrosities and impossible melodramas that have been deluging the stage in recent years that comparisons with them are entirely impossible. The verdict of the New York critics, as well as of the press of the entire country, where the play has been produced, is unanimous in declaring that we must go back to the great masterpieces of the past to find similar standards by which to judge "When We Were Twenty-One." It is also announced with authority that the best company that has ever appeared in the production is the one of the present season, and the beautiful comedy-drama is having unprecedented success as a consequence.

Says the "Gingerbread Man" is infringement.—At the conclusion of the performance of "The Gingerbread Man" at Galesburg Saturday evening an officer served on Converse & Peters, proprietors of the show, a writ in aid for \$10,000 damages brought by Allyn Ayrault Green, of Galesburg, alleging that the play is an infringement on the copyrighted story "The Good Fairy and Honey," written by Mr. Green for The Advance, and published in that periodical some eighteen months ago.

**Crystal Theatre.**—This week's bill opened at the Crystal theatre yesterday to the usual good Monday business and is fully up to the standard set in the preceding weeks at this house. Every act is first class and each one made a big hit with the audiences. The Knox brothers in a comedy musical act start the show in a lively manner. George Hillman, German comedian, singer and dancer, is next and keeps the audience laughing throughout his entire act, his eccentric dancing at the finish being especially good. Edythe Stanley has a pretty song this week and sings it in her usual good manner. George Elvers is a blackface monologist and although this house has had some good ones in this line, Mr. Elvers does not suffer in comparison. Ferguson and Passmore offer a singing and dancing act that is about the best of its kind yet seen in this city. Mr. Ferguson being a wonderful dancer and Miss Passmore possessing a good voice. They are assisted by a pickaninny, who sings in the audience. The Crystal scope with two very funny pictures closes the show.

Indigestion is much of a habit. Don't get the habit. Take a little Kodol Dyspepsia Cure after eating and you will quit belching, puffing, palpitating and frowning. Kodol digests what you eat and makes the stomach sweet. Sold by all druggists.

## UNUSUAL HONORS

Retail Merchants Elect George H. Kingsbury Life Honorary Member.

### SEVEN YEARS OF SERVICE

Association Takes up Telephone Question—Committee Appointed to Make Further Investigation.

When, at the meeting of the association at the office of W. C. Maucker in the Rock Island house last evening, retiring president George H. Kingsbury turned over the affairs of the Rock Island Retail Merchants' association to F. T. Meyers, the newly elected president, he was accorded a most unusual honor by the association, which, in appreciation of his faithful service during a term of seven years, elected him to an honorary membership for life. Mr. Kingsbury was warmly complimented in a short talk by W. C. Maucker, rating book secretary, who spoke of the long term of years in which Mr. Kingsbury had attended to the association's affairs without compensation, and the motion to elect Mr. Kingsbury to honorary membership was carried unanimously.

**Telephone Company.**  
The telephone franchise situation came in for a large part of the association's attention, and the question was discussed at length. Most of the merchants admitted incomplete knowledge of the subject, but regarded the ordinance as entirely too liberal to the company. Other members openly expressed themselves as opposed to an ordinance that does not provide for a material reduction of rates. The association discussed the question of the company's position on the rate question, and a committee composed of President F. T. Meyers, Vice President F. W. Young, and Recording Secretary E. W. Lawton, was authorized to take up the matter.

The proposed change of the time of meeting and other proposed amendments in the by-laws were discussed at length. The sentiment expressed was largely in favor of the changes, but action on the several resolutions was deferred until a later meeting.

### MR. HENRY COMMENDED BY HIS RECORD AS ASSESSOR

Comparison of His Work With That of Others Interesting—Showing on Personal Property.

George W. Henry, democratic candidate for assessor, comes before the voters of Rock Island well experienced in the office to which he aspires and with a record for painstaking efficiency of which he may well be proud. Before marking their ballots it will be well for voters to consider the relative qualifications of the nominees for this important office. Mr. Henry's supporters ask no more than this, confident that if demonstrated merit is taken into consideration he will be elected by a handsome majority. Mr. Henry served as deputy for J. R. Johnston when the latter was assessor in 1899 and a comparison of the total valuations of property listed that year with the valuation fixed since then under other administrations is of interest at this time. Take for instance the work of J. L. Freeman in 1903. While there is a marked increase in the valuation of lots shown in 1903 over 1899 there is an actual falling off in personal property. In the former year the total assessed value (one-fifth of actual value) of lots was \$1,676,425, in 1903 it was \$2,077,980. The total assessed value of lands in 1899 was \$86,150 and in 1903 \$95,615. In personal property, however, the valuation was \$767,365 in 1899, and but \$738,225 in 1903. In spite of the city's undeniable growth in the four intervening years, there was a falling off in the assessed valuation of personal property of \$29,140. The fidelity with which personal property is listed is the work of a good assessor. Real estate values are comparatively easy to ascertain as the character of the property renders concealment impossible and few changes necessary. But it requires a vast deal of work to discover and list for taxation the personal property in a city the size of Rock Island. Mr. Henry's record shows that he possesses the ability and the untiring energy to make an ideal assessor and the voters should see to it that he is elected this spring.

### AMATEURS PLAY BILLIARDS

Edward Gardner Won in the Annual Tournament.

Chicago, March 13.—The sixth annual tournament of Class "A" National association of Amateur Billiard players, opened last night with a game between Edward W. Gardner, of Pasadene, N. J., and Harry A. Wright, of San Francisco. Gardner won 300 to 206. It took 45 innings for Gardner to run out the 300 points, making his average of 6.23, while his opponent had an average of only 4.15-22.

#### A Scientific Wonder.

The cures that stand to its credit make Bucklen's Arnica Salve a scientific wonder. It cured E. R. Mulford, lecturer for the Patrons of Husbandry, Waynesboro, Va., of a distressing case of Ulcers. ### BOTH MEN ARE AT WEIGHT

Nelson and McGovern in Good Shape for Tomorrow's Battle.

Philadelphia, March 13.—Battling Nelson and Terry McGovern eased up in their training yesterday, and from now on will engage in light work only in order to keep within the 133-pound limit for the six round bout on tomorrow night at the National Athletic club. The men will weigh in 133 ring side, and as both already are below the figure it is considered unlikely any hitch will occur over the weights. McGovern now scales 129½ pounds, Nelson tipping the beam at 132.

#### Browns Defeat Texas Team.

Dallas, Tex., March 13.—The St. Louis Browns went up to Greenville yesterday and returned to their training quarters tonight with a Texas league scalp. They defeated the Greenville team 11 to 1.
